Slip away with me  
Close your eyes, you're free  
Dreams are often lost  
But heaven's not far off

And I've given all I have  
And I've given my whole soul  
And I'm ready to go...

One last kiss  
Tonight  
When the time feels right  
Take my hand, and see  
The angels round you and me  
And I've given all I have  
And I've given my whole soul  
And I'm ready to go...

(I'm ready, I'm ready, I'm ready to go...)  
(I'm ready, I'm ready, I'm ready to go...)

One last kiss  
Tonight  
When the time feels right  
Take my hand, and see  
The angels round you and me

And I've given all I have  
And I've given my whole soul  
And I'm ready to go...
