Stand before the gates and watch metropolis  
Empires come and go we live forever  
And eternity is in your hidden eyes  
Take my broken wings teach me to fly again

I stand alone  
We stand alone  
I stand alone  
We stand alone

Down the empty streets head for the seven hills  
Vestal virgins dance we steal the fire  
Battered columns stand as silent monuments  
Deep inside their dreams I see your memories

I stand alone  
We stand alone  
I stand alone  
We stand alone  
I stand alone  
We stand alone

We share the last champagne and watch necropolis  
Still and so let's leave her to her silent walks  
The sun of Rome is set and our day is gone  
A kiss a taste of red from your open lips

I stand alone  
We stand alone  
I stand alone  
We stand alone  
I stand alone  
We stand alone  
I stand alone  
We stand alone
