Trapped in Torment Fucking germ!!  
Trapped in Torment Lick my sperm!!

Strapped in Pain I cut your vein!!  
Strapped in Pain I ll make blood rain!!

Try ask me why? Lowlife bastard!!!  
I guess it s hard to talk with a tight rope around your  
neck  
You could have tried to run, while you had legs  
But no!! It s too fucking late

You have opened your mouth for the very last time,  
As your own rotten breath brought you down  
To my tremendous chamber of Torture!  
And torture is all you gonna experience, while Death is  
Waiting to take you in  
For Eternal decomposive Pain

Trapped in Torment Fucking germ!!  
Trapped in Torment Lick my sperm!!

Strapped in Pain Blood must be shed!!  
Strapped in Pain You are to be Dead!!

Trapped in Torment!!!
