I'm afraid of day and night  
I'm breaking in two  
Thousand pieces  
Hands are touching me  
Again and again  
And I can't defeat myself

Is this only a dream?  
Please tell me why!

It's the dark side of the moon  
When I see your face in black

Every night  
Destroying my dreams  
I'm crying and try to escape  
Cause the pain is unbearable  
When you close  
The door behind you

I stay alone with my shattered dreams  
And all the pain

It's the dark side of the moon  
When I see your face in black

I'm trying to walk away  
But I know that  
You're coming back

And it will happen in the most  
Beautiful parts of my dreams  
And everything will start again  
And I ask you why?

I'm trying to walk away  
But I know that  
You're coming back

It's the dark side of the moon  
When I see your face in black
