Alone in this room without light  
I don't know, if it is day or night  
They've drugged me day after day  
My friends are the phantoms of my nightmares  
But i will try to solve this problem  
Someone shall hear my pitiful cries  
Wrapped in this endless silence  
If you are hearing my plea  
Please, bring me the key  
Open that door - take me out from this place  
Save me - if you may not do it, i'll commit suicide  
I think that's the only way to escape from this  
None from heaven has heard me  
I've turned my back to them  
If someone anywhere help me  
I will pawn him my considerable love know-how  
This is my only wealth which i can barter for my  
freedom  
Illusion - this is one of the many drugs i've used  
Imagination - it is the way to survive in this  
Horrible and empty place  
Am i dreaming or becoming crazy ?  
A source of light is growing  
From the corner of the ceiling  
That is coming to me  
I'm trembling with fear  
The apparition scares me  
Does that bring me something  
To rescue me from this desolated isle ?  
If it is a dream, i hope don't awake  
I'll face the unknown  
To return to the world  
To recover my sanity  
To see again my parents  
To meet again my friends  
Be as the destiny likes  
"i'm the moon.  
The key which will open that door for you  
My messenger azaradel will teach you a moonick spell  
Now, close your eyes, sleep and dream  
Reveal him your occult desire"

"at midnight. when the moon be full  
Face her and whisper the following words:  
"as thou influencest the tide and men's mind,  
Open the doors of the destiny for me  
As thy face shinest in the dark  
My desires shall realize"  
Matter and spirit are incompatible  
I don't know if it'll accomplish  
But, who knows ?"  
Every door is opening  
The spell became true  
He is free to fly high  
Higher than his dreams  
Bright as a star  
The loneliness torn me into pieces  
But thou hast helped me  
Now i am here to fulfil my promise  
Now, you close your eyes. why ?  
Because i'm going to make rain on the moon
