In a night within the woods from saint-jean d'angely  
Philip IV and clement V meet to conspire  
Against the knights templar ambition, avarice and  
luxury  
The templars become rich in order to purchase the  
world  
The knights templars reder divine honors to a head of  
goat a monstrous idol  
The grand master of templars, jacques de molay,  
Rides on his horse to the temple  
They are the templars in their ceremony of reception  
They give obscene kisses on the back parts of their  
grand master  
Spit blood upon the image of christ and deny god's  
holy scriptures  
And the holy ghost's splendour  
They adore a brazen head with carbuncles for eyes  
That is the symbol of the bearded idol  
A demon on form of goat  
The baphometric goat  
"we do pacts with our bearded idol and  
Have intercourse with female demons  
We sin against the father by falsehood  
And against the son and the holy ghost by hatred and  
debauchery  
We were jesuits who failed  
We hate the roman catholic doctrine  
We were accused of heresy  
We perished in flames of inquisition"  
In flames, the grand master cited the king and pope to  
appear  
In that same year in god's tribunal  
They'll be save by their idol  
Baphomet  
The monstrous goat baphomet is present in god's  
tribunal  
The king and pope, who died in that same year,  
tremble face baphomet and god  
Baphomet saves jaques de molay and his companions  
from the flames of redemption  
The king and pope fall down desastrously from

heaven's tribunal  
To the depths of endless abyss  
The knights templar pay homage to their idol  
Terrible. evil. baphometric goat  
Our enemies will suffer eternally  
Terrible. evil. baphometric goat
