[Music: Liapakis, M. Albrecht / lyrics: Liapakis]

When we are back  
The seventh door of hell will open  
The sky turns red and clouds shed tried  
Crimson raindrops down to earth  
In our hands the power and the force  
We give you lies and reveal  
You give your soul  
And the world will be drowned in blood

All the spirits of evil are  
Coming over you  
And your wish to betray bring us  
Back to you

We are the warriors of lies  
We will bring you illusions  
We are the warriors of lies  
When you call we realize  
We are the warriors of lies  
We will bring you confusion  
We are the warriors of lies  
When you call you have to die

Death for death  
Until the last drop of blood is spoiled  
The end is near  
For us you have betrayed your god

Now your blood omen has come to an end  
And your cursed and full of hatred soul  
Is now laying in peace... maybe we'll  
Meet again someday maybe in your dreams  
Maybe in hell!!!
