Money never nuff to chase all my cares away  
(We're living in a constant struggle)  
The systems always rough it's breaking I down each  
day  
(We're living in a constant struggle)  
My people are addicted to the poisons of modern day I  
say  
(We're living in a constant struggle)  
So evil and corrupt I'm starting to loose my way  
(We're living in a constant struggle)

Are we using the gifts we've been given  
There is beauty in this life that we're living now!

We're living in a constant struggle  
A constant struggle  
We're living in a constant struggle

The family is lost with children left to pay the cost  
(We're living in a constant struggle)  
Communities are gone lord tell me where did we go  
wrong  
(We're living in a constant struggle)  
Relationships are so hard to come by  
When they do they often break your heart  
Through these changes your life rearrangement  
That we find out who we really are
