Alone by myself I pray tonight oh yeah  
To see everyone feelin' irie yeah  
Alone by myself I pray tonight oh yeah  
To see everyone feelin' irie yeah

And though we try through this day and age I  
Still cant find the strength to turn the page  
There's one solution we must teach each other  
Train our eyes to see only one color  
The most I try to feel irie  
But it's hard when you cant see everything I see

Oh why do we act so foolishly...  
Oh why do we act so foolishly...

Alone by myself I pray tonight oh yeah  
To see everyone feelin' irie yeah  
Alone by myself I pray tonight oh yeah  
To see everyone feelin' irie yeah

I know we can all dance together in spite of  
Living in ignorance if we try  
But you cannot count on everyone's thoughts when  
It's hard just to keep your head on tight  
The most I try to feel irie  
But it's hard when you can't see everything I see

Oh why do we act so foolishly...  
Oh why do we act so foolishly...

Can anybody in the party show me where the weed is at  
so I can smoke  
heavy off into this reggae beat my feet start movin'

every night

mic  
and let my rhyme take flight  
soarin' from the northern California I warned ya bout  
the truth  
comin' from the Coot and my group the what...the  
Mystic Roots

Alone by myself I pray tonight oh yeah  
To see everyone feelin' irie yeah  
Alone by myself I pray tonight oh yeah  
To see everyone feelin' irie yeah

So if you're irie then you're feelin' high (Irie)  
And if you're irie then you're feelin' love (One love)  
cause every man is an equal man (Equal rights)  
so if you're irie then your positive (Positive)

I know deep inside you know what's right  
and your feelin' irie...  
I know deep inside you know what's right  
and your feelin' irie...  
I know deep inside you're irie now  
and you know what's right...  
I know deep inside you're irie now  
and you know what's right...

And though we try through this day and age I  
Still cant find the strength to turn the page  
There's one solution we must teach each other  
Train our eyes to see only one color  
The most I try to feel irie  
But it's hard when you cant see everything I see
