Boy, It's been so long for me
Since someone longed for me, so wrong to be in love
with you
(But really is it wrong?)
And boy, something inside of me
Keeps on trying to see a place where we belong.

(And I need you)
And I need you in my life, finally ready for this
(Cause you know me)
If you know me than you know it could get better than
this
(And I miss you)
But I miss you when you're gone, got you all on my
mind
(You're my homie)
And you say that you're my homie, but you're my
sunshine
(And I know that)
Knowin' I could be the one to make you feel
(That you love me)
And you love me like a friend, but my love for you is
real
(It's okay)
And I keep on telling myself it's okay
(It's not that way)
That it's not that way

I shouldn't let a stranger mean so much to me
But I can't help thinkin' how things could be
If I had the chance, I'd do it all again
And this time I would make you my...

Boy, I really feel for you
The way you look into my eyes has got me hypnotized
(You got me caught in a spell)
And boy, I wanna be with you
But I can't have you by my side I realize

(And I need you)
And I need you to believe I'm finished gettin' around

(Cause you know me)
If you know me than you know that I'm not settlin' down
(And I miss you)
But I miss you and I fantasize of feelin' your kiss
(You're my homie)
You're my homie so I can't believe I'm dealin' with this
(And I know that)
I'm knowin' that the truth could really scare you away
(That you love me)
But I'm knowin' that you love me is what I want for you
to say
(It's okay)
And I keep on telling myself it's okay
(It's not that way)
That it's not that way
