Born abuser alone weak  
Torn apart away bleak  
Dreams of death needle seek  
Loss of will addictive reek

Love lost sucking on self-pity  
Dirthead, the lowest of lives  
Filthbait, a grand statistic  
Christbait, religious worms to feed

Exordium to a new form of disgust  
Suction of life-filth into another succumbed  
Christbait sulcated vermin  
A circle of submission into comfort

Body erused – trust in god  
Weak flesh – weak in mind  
Have nothing – subdued in lies  
Empty shell – life is dead
