I'm sick and tired and lonely
I'm sitting in my room
Staring at the shadows
Blowing smoke rings at the moon

Every night I try, every night I cry
Tryin' to work out why
I just wanna know, got to know
Why you keep on pushing me baby?

You love me when you want
And take me when you need
Whatever you say to me baby
Make my poor heart bleed

I don't wanna win but I don't wanna lose
An' I don't wanna be alone no more, no more
I just wanna give you love
I just got to give you love

But you keep on giving love
You give another man your love
Goin' baby don't you leave me this way
Don't you leave me

I never wanna hurt you
Don't wanna tie you down
But every time I take a, a look in the mirror
I can see the heartache hangin' 'round

I'm going down to the ground
Why you always wanna bring me down?
Baby, baby why do you always bring me down?

'Cause you keep on giving love
You give another man your love
Baby, baby, don't you leave me this way

Don't you leave me, baby, baby, baby
My heart is aching, my heart is breaking for you
And I can't take it anymore, no more, no more

I'm sick and tired and lonely
Nothing left to say
Just thinking 'bout you baby
Takes all my night and day

All my nights
All my days no
Baby, by-babe
You take my breath away

'Cause you keep on giving love
You give another man your love
Baby, baby, baby don't you leave me this way

I can't stop my love from falling down
Wanna love you in the morning
Wanna love you in the evening time

Don't you leave me baby
Don't you ever leave me baby

Don't you leave me baby no
Don't you leave me baby
