Fire ignites  
Burns your wheels of fortune  
Lack of luck and lack of time  
(You) Can keep your wheels turning  
Fire ignites  
Burns your wheels of fortune  
With lack of fiends and lack of friends  
Life ain't that amazing  
Bang your drum  
Shake your head  
Crack yourself  
None cares  
Time is up  
To create  
Special things  
The real thing  
Saw you climb a tree today  
To the top to play the ape  
Scream until your voice is dead  
None will touch the ape  
Found your wheels of fortune  
Flat close to the tree  
Gave all the air my lungs could give  
And all my sympathy  
Fire ignites  
All around the place  
The man on the tree keeps banging his drum  
Sone-cold but free  
Fire ignites  
All around the place  
Bang your drum  
Shake your head or  
Crack yourself
