The first thing in the morning, the last thing at night
I just wanna hold you babe and make you feel alright
When the sun is shining, or the sky is filled with rain
Wherever we may be, I'm gonna make love with you
again

Now I don't need a crystal ball to tell me it's true
'Cause I've crossed too many rivers on my way to
finding you
Your smile like a summer sun can brighten my day
When I'm feeling down you chase the dark clouds away

There ain't no doubt about it, baby
I'm gonna shout about it

Take a look at yourself
Can't you see why I want you and nobody else?
'Cause the first thing in the morning, the last thing at
night
And I just wanna hold you babe and make you feel
alright

Sometimes I feel it in my bones when the cold
northwinds blow
But when you put your arms around me, I can feel it no
more
I've been guilty of a thousand crimes in matters of the
heart
But just the thought of losing you it tears me apart

There ain't no doubt about it, baby
I'm gonna shout about it

Take a look at yourself
Can't you see why I want you and nobody else?
'Cause the first thing in the morning, the last thing at
night
I just wanna hold you babe and make you feel alright,
yeah

There ain't no doubt about it, babe
I'm gonna shout about it

Take a look at yourself
Can't you see why I want you and nobody else?
'Cause the first thing in the morning, the last thing at
night
I just wanna hold you babe and make you feel alright

Take a look at yourself
Now can't you see why I want you and nobody else?
'Cause the first thing in the morning, the last thing at
night
I just wanna hold you babe and make you feel, and
make you feel

Take a look at yourself
Now can't you see why I want you and nobody else?
'Cause the first thing in the morning, the last thing at
night
I just wanna hold you baby come on

I'll make you feel so good
'Cause the first thing in the morning, the last thing at
night
I just wanna hold you babe and make you feel alright

So take a good long look at yourself
Now can't you see why I want you baby and nobody
else?
'Cause the first thing in the morning, the last thing at
night
