King's entering into a temple of vibrations  
Fire of passion puts together bodies  
Ancient power will lights up heart  
One word is a spring of the fusion

King's entring into a temple of flowers  
He's looking on circling feelings in bodies  
Serpent's wings are rising up  
Grooved sculpture invokes mixing

King's entering into a temple of light  
Burning peaks will come into flowers in waves  
Golden rain is taking to the height  
Sheding arrows are flooding spaces

King's walking out from a temple knowledge  
Words veiled into the truth  
Stream of silence is whirling into changes  
Shores of trance dance into joy
