My saviour, keeper of my wishes  
The burning candle drips blood  
In every part of body is thorn of destiny

Lifeless is easy life in circle  
Tell, what do you see behind the shadow of mirror  
Maybe, what is my power of stones

Tell, my carnage, my enemy, my mayhem

Ways of past are crying under the weight of wings  
Magic ball is full of water with colour of steel

Staff with traits of my face with - a grining smile  
Disclosing of mask can - ritual  
Digger with hood is coming pagan fear - over dish of  
vine  
Smell of virility, smell of femininity - womb is put  
together - You Soothsayer
