I-I-I-I'll Be
I-I'll be
I-I-I-I'll Be
I-I-I-I'll be [x4]

[VERSE 1:]

Some say its the greatest thing
How i wish that i could agree
Been waiting for my turn
Seems love just skipped over me
I really wanna know wat it feels like to be involved
With someone who can make the stars fall out the sky
I'd give anything to have it right here in my life
I know there's something waiting for me
Waving a sign

[CHORUS:]

I'll be waiting for your love
To come and find me
Could be right beside me
I'll be, i'll be waiting
I'll be waiting for your love
To come and find me
Could be right beside me
I'll be, i'll be waiting
I've never been in love
But now i've got a taste for it (taste for it x3)
I've never had someone
To help me me get the hang of it (hang of it)
(i'll be waiting)

[VERSE 2:]

Saturday comes
Its just another day to me
Some call it day and night
But thats never been my routine
Just once i'd like to feel the way people say it feels
I heard that its incredible, the ultimate right
Im sure i'll come across it sooner, maybe later
In the mean time, imma gon wait my turn
I'm first in line

[CHORUS:]

I'll be waiting for your love
To come and find me
Could be right beside me
I'll be, i'll be waiting
I'll be waiting for your love
To come and find me
Could be right beside me
I'll be, i'll be waiting
I've never been in love
But now i've got a taste for it (taste for it, waiting
waiting i'll be, i'll be, i'll be waiting)
I've never had someone
To help me me get the hang of it (hang of it, waiting
waiting i'll be, i'll be, i'll be waiting)
(i'll be waiting)

[RAP:]

I'll be waiting, waiting
For the I-u-v to come and find me, find me
It could be right beside me, right beside me, i'll be
waiting
I'll be waiting, waiting
For that I-u-v to come and find me, find me
It could be right beside me, right beside me, i'll be
waiting

Need love like yesterday
And the day before and the day before that
I'll be waiting, i'll be waiting, i'll be waiting, i'll be
waiting
Clock ticks the time away(7 ticks)
No pressure, sign off with my heart beat
Yes I rhyme of it(of it x4)

[CHORUS:]

I'll be waiting for your love(for your love)
To come and find me(find me)
Could be right beside me...
