I was just doin my thing hanging out at the spot
You know the place we go The music's John blaze hot
And everybody was feeling the DJ
Over there I saw a beautiful lady
Back It up and the disco ball came down
The beat gets slow and you know what happens now
Dim the lights she's looking my way
What more do I have to say
She took my hand and never said a word at all
She starting grinding shorty had me up against the
Wall
I see you bouncing now you know that I don't care at
All
She took me hand now she had me up against the wall
We don't, we don't care at all

It's almost 2 o'clock time to make my move

We let two hours fly and then I'm goin home
I gotta have ya more good to go I gotta have ya on
The dance floor
Looking for me I'll be down here baby all you need
One more dance and our friends are all around
The beat gets slow and you know what happens now
Dim the lights she's looking my way
What more do I have to say
CHORUS3x

You know we don't care at all now let me see ya bump
Up against the wall till end
