"Let The Music Heal Your Soul"

Oh, if someone writes a song
With a simple rhyme
Just a song
Where his feelings show
And if someone feels the same
About this simple song
Oh, and sometimes, you can hear them say
music gives you happiness or sadness
But it also, it also heals your soul

Let the music heal your soul
Let the music take control
Let the music give you the power to move any mountain

Oh, if someone plays piano

With some simple chords
Symbolic and endearing too
And know if someone plays guitar
With the old piano
Then maybe you can hear them sing
Music gives you happiness or sadness
But it also
Also heals your soul

Oh yes
Let the music heal your soul
Let the music take control
Let the music heal your soul
Let the music heal your soul
Let the music take control..
