Baby, you're not the only one

I see the things he does to you  
All the pain that he puts you through  
If I see what's really going on  
Staying out at night  
While you're by the phone

Take it from me  
It's a lesson to be learned  
Even the good guys get burned  
Take it from me  
See, I would give you love  
The kind of love that you've only dreamed of

Baby, you're not the only one  
You don't have to be afraid to fall in love  
And I know that you've hurt in the past  
But if you want it here's my heart  
No strings attached

He doesn't give you the kind of attention  
That a girl like you needs (that a girl like you  
Needs)  
"cause he always looks around  
His eyes wander around  
He doesn't see you like I see

Take it from me  
It's a lesson to be learned  
Even the good guys get burned  
Take it from me  
Baby, I would give you love  
The kind of love that you'd only dreamed of

Baby, you're not the only one (baby, you're not the  
Only one)  
You don't have to be afraid to fall in love (to fall  
In love)  
And I know that you've hurt in the past (hurt in the  
Past)  
If you want it here's my heart (here's my heart)

No strings attached

Take it from me  
It's a lesson to be learned  
Even the good guys get burned  
Take it from me  
See, I would give you love  
The kind of love that you've only dreamed of

So if you want to take a chance with me  
(If you) Baby (take) take a chance (a chance) with me  
(I'll be every-) Everything you need (-thing you need)  
(Because it's our destiny)

(If you) (baby, you're not the only) Baby (one) you're  
Not the only one  
(You don't have to be afraid to fall) To be afraid  
(I know that you've hurt in the past) You've hurt in  
The past  
(I'll be everything you need)  
If you want it here's my heart  
No strings attached

Not the only one  
(I'll be) (You don't have to be afraid to) You don't
