Tell me what kind of girl would want to play me?
Tear me down and try to break me?
Baby how could you betray me
After all I've done for you
Took you there, bought you this
Now that's not enough, babe
Better get your story straight
Tell me why you wanna play
I've had enough

These games they gotta stop
About to get pissed off
You had to keep leading me on baby
You thought you had me fooled but I see right through
you

Look into my eyes
Tell me what you see
I see a man who thought you loved me
you played me like a fool but I see right through you
I look into your eyes
I'll tell you what I see
I see a girl who ran game on me
Thought you had me fooled but I see right through you

Tell me girl what's his name
What he do to take you
Does he freak you the way
That I do
'Cause you know that
I know how to
(I know how to)
When he leaves you
Don't come crying back to me
'Cause I'll be moving on you see
And you'll be just a memory
I think I've had enough

These games they gotta stop
About to get pissed off
You had to keep leading me on baby
You thought you had me fooled but I see right through

you

Look into my eyes
Tell me what you see
I see a man who thought you loved me

you played me like a fool but I see right through you
I look into your eyes
I'll tell you what I see
I see a girl who maybe lonely
Thought you had me fooled but I see right through you

Thought you had me fooled
See right through you
see right through you
Tell me baby does he do it, do it like I do?
Does he really love you, love you like I do?
Now you're crying cause you can't believe that we are
through
I don't care cause I see right through you
Let me tell that if this is how it's gonna be
After all that we been through
What you mean to me
You won't do this to me
Cause I now see right through you

Look into my eyes
Tell me what you see
I see a man who thought you loved me
you played me like a fool but I see right through you
I look into your eyes
I'll tell you what I see
I see a girl who maybe lonely
Thought you had me fooled but I see right through you

Look into my eyes
Tell me what you see
I see a man who thought you loved me
you played me like a fool but I see right through you
I look into your eyes
I'll tell you what I see
I see a girl who maybe lonely
Thought you had me fooled but I see right through you
