Oh oh ooh oh ooh...

She stood out just like a diamond baby
Amongst the tourists in a crowded room
I took a walk along the sandy beaches
Under a silver caribbean moon
That's when she...

She promised that (I promised this)
And I promised this
And 'til this day I can still picture it
She took my hand (I took her kiss)
And I took her kiss
So temporary these moments of bliss

Some dreams just fade away
Like yesterday's sunset
Sundreams are made to stay
She's one dream I'll never forget

Oh oh ooh oh ooh...

Everyday just seemed to go too quickly
And every night just passed us in a blur
I never noticed the blue skies and water
Because I only had eyes for her
And so when...

She promised that (I promised this)
And I promised this
And 'til this day I can still picture it
She took my hand (I took her kiss)
And I took her kiss
So temporary these moments of bliss

Some dreams just fade away
Like yesterday's sunset
Sundreams are made to stay
She's one dream I'll never forget
Those crazy summer days (Oh yeah)
Stroll back
I'll find you through the haze

Some dreams just fade away
Like yesterday's sunset
Sundreams are made to stay (Sundreams will stay)
She's one dream I'll never forget
