Oh, hey yeah yeah..

Girl when we started baby we were friends  
But that's not how this fairy tale is gonna end  
See I was thinking then it clicked one day  
That no one else has ever made me feel this way  
The next time I saw you girl I knew I had to try  
To tell you everything that I was feeling deep inside  
And listen good cause what I say is from my heart  
So if you're ready

You see I toss and turn when I'm alone  
And I just cant wait til you get home  
Waiting for your call cause tonight we're gonna do it all  
Girl it's just the two of us  
Cause I'm thinking about you day and night  
And I just can't get you off my mind  
When you get a minute baby I was thinking we could  
hook up  
It's just the two of us, the two of us

Cause in a room full of people you're the only one  
around  
And nothing in this world could ever bring us down  
Baby I'll be there telling you I care  
This I swear  
Girl its just the two of us, the two of us

Baby I wonder if you feel the same as I do  
I wonder if you're going through the things I'm going  
through...

I sent you flowers on a Saturday  
inside's a letter with a message and no name  
See I just love the feeling, knowing I can make you  
smile  
and I haven't felt that about someone in quite a while  
Just listen to these words I have to say  
Just take a chance..

You see I toss and turn when I'm alone  
And I just cant wait til you get home  
Waiting for your call cause tonight we're gonna do it all  
Girl it's just the two of us  
Cause I'm thinking about you day and night

And I just can't get you off my mind  
When you get a minute baby I was thinking we could  
hook up  
It's just the two of us, the two of us

Cause in a room full of people you're the only one  
around  
And nothing in this world could ever bring us down  
Baby I'll be there telling you I care  
This I swear  
Girl its just the two of us, the two of us

It just gets better with each day (baby someday)  
I always wanted to tell you  
But I was so afraid

You see I toss and turn when I'm alone  
And I just cant wait til you get home  
Waiting for your call cause tonight we're gonna do it all  
Girl it's just the two of us  
Cause I'm thinking about you day and night  
And I just can't get you off my mind  
When you get a minute baby I was thinking we could  
hook up  
It's just the two of us, the two of us

Cause in a room full of people you're the only one  
around  
And nothing in this world could ever bring us down  
Baby I'll be there telling you I care  
This I swear  
Girl its just the two of us, the two of us

Ohh.. hey yeah yeah..
