Because of you

I used to walk home all alone
It used to be so sad
I used to be all by myself
It used to be so bad

Until you, you came along
And took me by the hand
Until you, you came along
And said that you would be my man

Now I'm jumping up and down, spinning all around
Because of you, babe
I'm as happy as can be and it's definitely
Because of you, babe, just because of you

I used to go to bed at night wishing I had a friend
Someone to hold and squeeze me tight, a very special
friend
Until you, you came along and told me you would be
the one
Until you, you came along and held me in your arms

Now I'm jumping up and down, spinning all around
Because of you, babe
I'm as happy as can be and it's definitely
Because of you, babe, just because of you

Now I'm jumping up and down, spinning all around
Because of you, babe
I'm as happy as can be and it's definitely
Because of you, babe, just because of you

You are a dream come true
And there's nothing in this world
I wouldn't do
Baby, just for you

I used to walk home all alone
It used to be so sad
I used to be all by myself

It used to be so bad

Until you, you came along
And took me by the hand
Until you, you came along
And said that you would be my man

Now I'm jumping up and down, spinning all around
Because of you, babe
I'm as happy as can be and it's definitely
Because of you, babe, baby

Now I'm jumping up and down, spinning all around
Because of you, babe
I'm as happy as can be and it's definitely
Because of you, babe

Now I'm jumping up and down, spinning all around
Because of you, babe
I'm as happy as can be and it's definitely
Because of you, babe

Baby I love you
I love you
