Hey!
Hey, gypsy woman, roll your dice for me, read my
Tarot cards, so I can see
I'm razor sharp, cool sunglasses, pocketful of
backstage passes
Lady Luck, roll your dice for me
Chorus:
The boys are feeling hot, tonight, fingers crossed, they
get it right
Women to the left, women to the right, the boys are
feeling hot tonight
I ain't too proud to beg for what you got
You'd melt a heart of ice, babe, you're so hot
So pump it up, raise the dead, squeeze it, honey, 'til it's
cherry red
I ain't too proud to beg for what you got
(chorus)
Feeling hot, feeling hot, feeling hot, feeling hot, hot,
hot, hot
(Solo)
Feeling hot
Now I just wanna make sweet love to you, I'll do
anything you want me to
So rip it up, slip an' slide, 'scuse me if my tongue gets
tired
An' I will make some sweet love to you
(chorus) - hot, hot, hot
Look out baby!
The boys are feeling hot, tonight, the boys are feeling
hot, tonight
The boys are feeling hot, tonight
Rip it up, baby
