Inside and out inside, outside  
Inside, Inside and outside, outside, outside  
Inside, outside, Inside and out

When I first met you boy, I would not give you a play  
Your reputation as a Playboy scared me away  
But you persisted and you captured me with all your charms  
And you insisted that the place for me was in your arms

Now things have changed, now things have changed  
You're acting strange  
Got me so confused I just can't take it anymore

You got me inside, outside, spinning all around  
Everytime I look for you, you're nowhere to be found  
Inside, outside, hung up over you  
Filled up with emotions and I don't know what to do

Inside, outside, spinning all around  
Feeling like a puppet, oh I feel it like a clown  
Inside, outside, hung up over you  
Tell me if you want my love or tell me if we're through

Inside and out

When we first started out my friends said it would not last  
They told me all about the hearts you broke in the past  
But I refused to listen to a word that they'd say  
But ever since we've been together every night and day

Now things have changed, now things have changed  
Your acting strange  
Got me so confused I just can't take it anymore

You got me inside, outside, spinning all around  
Everytime I look for you, you're nowhere to be found  
Inside, outside, hung up over you  
Filled up with emotions and I don't know what to do

Inside, outside, spinning all around  
Feeling like a puppet, oh I feel it like a clown  
Inside, outside, hung up over you  
Tell me if you want my love or tell me if we're through

Inside and out  
Inside and out  
Inside and out

You got me inside, outside, spinning all around  
Everytime I look for you, you're nowhere to be found  
Inside, outside, hung up over you  
Filled up with emotions and I don't know what to do

Inside, outside, spinning all around  
Feeling like a puppet, oh I feel it like a clown  
Inside, outside, hung up over you  
Tell me if you want my love or tell me if we're through

Inside, outside, spinning all around  
Everytime I look for you, you're nowhere to be found  
Inside, outside, hung up over you  
Filled up with emotions and I don't know what to do

Inside, outside, spinning all around  
Feeling like a puppet, oh I feel it like a clown  
Inside, outside, hung up over you  
Tell me if you want my love or tell me if we're through
