I don't know how, I don't know why  
But girl it seems you've touched my life  
You're in my dreams, you're in my heart  
I'm not myself when we're apart

Something strange has come over me  
A raging wind across my seas  
And girl you know that your eyes are to blame  
And what am I supposed to do if I can't get over you?  
I come to find that you don't feel the same

'Cause I'm falling, girl I'm falling for you  
And I pray you're falling too, I've been falling, falling  
Ever since the moment I laid eyes on you

I lose my step, I lose my ground  
I lose my self when you're around  
I'm holding on for my life  
To keep from drowning in your eyes

Girl, what have you done to me?  
To make me fall so desperately  
To think that I don't even know your name  
No, no, how am I supposed to live if I can't get over  
this?  
You decide you don't feel the same

'Cause I'm falling, falling, girl I'm falling for you  
And I pray you're falling too, I've been falling, falling

Will you stay or will you go?  
Heaven, heaven knows what my future holds  
Questions, questions linger on my mind  
Day break from day break to dark of night  
I'm fallin', I don't know what's come over me

Can't you see that I'm falling, falling? Girl I'm falling for  
you  
And I pray you're falling too, I've been falling, falling  
Ever since the moment I laid eyes on you
