You drive a pretty car, you know how fine you are
And nobody needs to say it, no way
They love the clothes you wear, they compliment you
And I just love the way you play it

But the only thing you dream of
Money can't buy for you, oh
And in my dreams I'll make
Your wish come true

For the girl who has everything
I bring you love, I bring you love
'Cause the girl who has everything
Can't get enough of my love

Why do you run and hide? Say what you feel inside
And Why must you always fake it? Oh yeah
Girl you need to understand, your heart's safe
Within my hands, I promise I'll never break it, oh

I know that you still dream of
What money can't buy for you
And in my dreams I'll make
Your wish come true

For the girl who has everything
I bring you love, I bring you love
'Cause the girl who has everything
Can't get enough of my love

If you just let me try, my baby listen
I'll help you find what you've been missin'
Oh yeah, you gotta listen to your heart
And not your mind, oh baby yeah

For the girl who has everything
I bring you love, I bring you love
'Cause the girl who has everything
Can't get enough of my love

For the girl who has everything
I bring you love, I bring you love

'Cause the girl who has everything
Can't get enough
