Can this be True? Tell can this be real? How can I put into words what I felt? I thought my life was complete. I thought I was born. Why Do I feel Like I am losing control? Never thought that love can feel like this. You can change my world with just one kiss. How can this be when your right here with me? There's an angel, its a miracle. Your love is a like a river peaceful indeed. Soul is like a secret that I never could keep. When I look into your eyes I knew that it was true, God Must Have Spend little more time on you. In all of creations, of all things great and small. You are the one who serve passive them all. They broke the mold when you came into this world. I am trying hard to figure hard. How I ever did without? Your wonders your smile part of a child. Deep inside is me purified. Your love is like a river peaceful indeed. Your soul is like a secret indeed. When I look into your eyes I knew that it was true. God Must Have Spend little More time on you. Never thought love can feel like this. You can change my world with just one kiss. How can this be when your right here with me? There's angel, its a miracle. Your love is like a river peaceful indeed. Soul is like a secret that I never could keep. When I look into your eyes I knew that it was true. God Must Have Spend little more time on you, you, you. Little More time on you
