Oh hey, kiss me at midnight, hey yeah
5, 4, 3, 2, 1

Kiss me at midnight, dance until the morning light
Party into the New Year
All of my friends are here and when the time is right
Kiss me at midnight

Kiss

I've been waiting for the special night to be with you
The colors of Christmas are still shining bright
And I know what we're gonna do
Anticipating, music is playing the magic is in the air
All through the season you've been the reason
I have so much love to share

Kiss me at midnight, dance until the morning light
Party into the new year
All of our friends are here and when the time is right
Kiss me at midnight

Kiss, kiss me at midnight, kiss

We've been making promises in the dark our
resolutions
As a brand New Year is about to start and we're
together
Celebrating, no more waiting our time has arrived
Feel the beat of my heart as the countdown starts just
look into my eyes

Kiss me at midnight, dance until the morning light
Party into the new year
All of my friends are here and when the time is right
Kiss me at midnight

Baby, it's New Year's Eve time we can believe
In making wishes dreams come true just for me and
you

Kiss me at midnight, dance until the morning light

Party into the New Year
All of my friends are here and when the time is right
Kiss me at midnight

Kiss me at midnight, dance until the morning light
Party into the New Year
All of our friends are here and when the time is right
Kiss me at midnight

Kiss me at midnight, dance until the morning light
Party into the New Year
All of our friends are here and when the time is right
