Baby you're not the only one
Oh ooh, ooh, yeah, hey, yeah

I see the things he does to you
All the pain that he puts you through
And I see what's really goin' on
Stayin' out at night while you're by the phone

Take it from me, it's a lesson to be learned
Even the good guys get burned
Take it from me, see I would give you love
The kind of love that you've only dreamed of

Baby you're not the only one
You don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached

He doesn't give you the kind of attention
That a girl like you needs
'Cause he always looks around, his eyes wander 'round
He doesn't see you like I see, yeah

Take it from me, it's a lesson to be learned
Even the good guys get burned
Take it from me, baby, I would give you love
The kind of love that you've only dreamed of

Baby you're not the only one
You don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached

Take it from me, it's a lesson to be learned
Even the good guys get burned
Take it from me, see I would give you love
The kind of love that you've only dreamed of
So if you want to take a chance with me

If you take a chance with me

I'll be everything you need
Because it's our destiny, oh

Baby, you're not the only one
You don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached

Baby, you're not the only one
You don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached
