When winter comes in summer  
When there's no more forever  
That's when I'll stop loving you  
That's when I'll stop loving you

I'm sure you've heard these words before  
And I know it's hard for you to trust them once more  
You're afraid it all might end  
And a broken heart is scared of breaking again

But you've gotta believe me, I'll never leave you  
You'll never cry long as I am there  
And I will always be there  
You will never be without love

When winter comes in summer  
When there's no more forever  
When lies become the truth  
Oh you'll know then baby  
That's when I'll stop loving  
That's when I'll stop loving you  
That's when I'll stop loving you, yeah

As long as sunlight lights the sky  
Light of love will be found in these eyes of mine  
And I will shine that light for you  
You're the only one, I'll ever give this heart to

What I'm trying to say is nothing will change this  
There be no time that you won't find me there  
'Cause I will always be there  
You will always have all my love

When winter comes in summer  
When there's no more forever  
When lies become the truth  
Well you'll know then baby  
That's when I'll stop loving  
That's when I'll stop loving you  
That's when I'll stop loving you

When this world doesn't turn anymore

When the stars all decide to stop shining  
'Til then I'm gonna be by your side  
I'm gonna be loving you forever, everyday of my life  
Oh yeah, yeah, yeah

Well then you know baby  
That's when I'll stop loving  
That's when I'll stop loving  
That's when I'll stop loving you

When winter comes in summer  
When there's no more forever  
When lies becomes the truth  
Oh you'll know then baby  
That's when I'll stop loving  
That's when I'll stop loving you

When winter comes in summer  
When there's no more forever  
When lies become the truth  
Oh you'll know then baby  
That's when I'll stop loving  
That's when I'll stop loving you  
That's when I'll stop, babe, I'll stop, babe loving you
