Ahh, yeah, ahh, yeah

Invincible is what you think you are  
But you're so typical  
Though you think that you're a star  
You act like everyone revolves around you  
Baby, you've dropped the ball  
And now the game is through

'Cause you tried to play both sides  
You got caught up in your lies  
And now you're runnin'  
You're runnin' out of time

You've played yourself  
But did ya, did ya think you could really  
Find love from someone else?  
You're makin' moves, you're gonna lose

You know you've played yourself  
And now you're thinking, thinking  
You can get one by me  
But you'll never win, but you'll never win  
Try again, 'cause the game is over

Take it personal  
'Cause I did when you cheated on me  
You may be beautiful  
But there's more that the eye can see

You're so predictable  
The way you calculate each move  
Heads I win, tails you lose  
Because you don't have the right to choose

'Cause you've tried to play both sides  
You got caught up in your lies  
And now you're runnin'  
You're runnin' out of time

You've played yourself  
But did ya, did ya think you could really

Find love from someone else?  
You're making moves, you're gonna lose

You know you've played yourself  
And now you're thinkin', thinkin'  
You can get one by me  
But you'll never win, but you'll never win  
Try again, 'cause the game is over, yeah

Woo, how could you think that  
You could do me like that?  
Runnin' behind my back  
How could you do me like that?  
Now the game is over

How could you think that  
You could do me like that?  
Do me like that, do me like that

You've played yourself  
But did ya, did ya think you could really  
Find love from someone else?  
You're making moves, you're gonna lose

You know you've played yourself  
And now you're thinkin', thinkin'  
You can get one by me  
But you'll never win, but you'll never win  
Try again, 'cause the game is over

You've played yourself  
But did ya, did ya think you could really  
Find love from someone else?  
You're making moves, you're gonna lose

You know you've played yourself  
And now you've thinkin', thinkin'  
You can get one by me  
But you'll never win, but you'll never win  
Try again, the game is over
