[Dappy]

I dragged my bags off the plane today
A little too much fun on tour
Lord please help me find my keys
Or I'm banging down my own door
All the cheerin' and all the applause
Who could ask for more?
Now I wouldn't mind finding
A real thing waiting
When my bags finally hit the floor

[Dappy]

See I need some kinda lady
That will feed me daily
Everytime I come home
She'll be waiting for me
'Cause I've been thinkin' lately
That life alone is crazy
I wanna hold somebody when I sleep

[Tulisa]

(Haaaa) Who's gonna be the one to save me?
will i ever settle down, all I do is run around
This is taking too long

[Tulisa & Dappy]

Love is all I need (Love is all I need)
I've waited all my life (Waiting all my life)
Love is all I need (Love is all I need)
I've waited all my life (Waiting all my life)
You got me on my best behaviour
Whooaaa, Whoaaa
Hurry up I'm in danger baby
Whooaaa, Whoaaa
How long before ya save me baby

[Tulisa]

I just finished the tour today
And my bags dropped to my door (Bags dropped to my door)
Walked up to an empty room
Now I'm cryin on my own floor

All the bright lights
And all the surprises
Tell me what they mean
If I'm standin on a stage
In front of so many people
And I feel like it's just me

[Tulisa]

See I need some kinda man
That, that can understand that
There be no bosses who I have to be
Sometimes I get lonely
I just need a homie
Then I might let him be the boss of me

[Tulisa]

(Haaaa) Who's gonna be the one to save me?
will i ever* settle down, all I do is run around

Cause I'm down there
Caged in, burnt out, achin
Seen it all before, done with all the heart breakin'
Cause I'm fed up, lonely no longer the old me
Right now could use some company

Come to the rescue fly away with me and hold me
