Na Na Niii
Ohh naa naa, Ohh naa naa
Yeah, yeah yeah
N-Dubz, N-Dubz, N-Dubz

1st Verse

It's like
First things first,
You'd probably think I'm a chap with good manners,
Well your wrong im the scum of the earth,
I'm the worst of the worst, An? I aint boastin? bout ma
verses,
I'm speaking? bout the way I run around snatching
purses,
For every meaning there's a purpose,
Jus because I never went to school it don't mean that
I can't be perfect, For screaming? out loud!!!
We's addicted to money like two fingers tapping on
wherever there's a vein, And believe me yeah we
proud,
Coz life is getting sicker by the day and therefore we'll
always stick around, So now you see the size of me,
You wouldn't think im any harm innit?
Think again ill take your wallet nicely, Chat-up your wife
to be,
Middle-class girl, I think I need to get me one,
And your one looks jus right for me,
So come on you wanna fight with me?
Might as well be polite to me?
Unless you wanna deal with 15 ruffed-up
Been through too much breddars that will ride for me,
Sit you down and remove all of your designer
garments off
you silently, So I suggest, Go somewhere else and try
to
impress, Coz deep beneath the depths you aint never
getting respect, I mean, Last night I had a dream that
I was rich as hell, But the sick thing was, I was acting
like
a bitch as well, Isn't it funny how money can make a lot
of people change?

You think you're my friend?
Blud im telling you,
You aint.

Chrous

You better not waste ma time,
I got better things on my mind,
I need to leave jerks like you behind,
Coz all you ever do is jus bring me down,
So would you let me be!!
Or I'll make you disappear,
When you hear the word MONEY
That's the only time you ever interfere,
I thought that you was there, But I guess im wrong,
Why would you care??

2ND VERSE

I remember once upon a time,
When I was jus 13,
So innocent and giving,
Everyone would act like they love me,
Then all the bitchin, and rumours began,
Seemed like I didn't have any friends, So much hate,
lies and deceit, Caused by all that jealousy,

Now do you bitches really think that im the same girl I
used to be?
Do you really think I will back down from you hoes if you
try to bring it to me?
Now I know your hating,
Coz your man keeps watching,
But I don't even want him,
So tell him stop clocking,
The more you hate I get closer to my goal,
You'll wake up with nothing at 20 years old,

CHORUS

You better not waste ma time,
I got better things on my mind,
I need to leave jerks like you behind,
Coz all you ever do is jus bring me down,
So would you let me be!!
Or I'll make you disappear,
When you hear the word MONEY
That's the only time you ever interfere,
I thought that you was there, But I guess im wrong,
Why would you care??

3RD VERSE

I remember the days when I didn't have no rhymes,
Practicing my verse in the class 'til it was home-time,
I never used to pay attention in school,
Was playing penny up the wall, Or in detention with
fools,
That's why most the teachers used to doubt me,
They used to say I wouldn't make in my music just to
see
me get rowdy, So I could switch in the classroom, For
an
excuse to kick me out, Then wonder why I'm bunking all
my lessons in the bathroom, Now im starving hungry,
working hard, For this superstardom life,
Been kinda hard for me to try and make it right,
And its Hard to decide, Whether I should leave behind
all my peeps in this life, To move forward and seek
what I find,
This life is lethal!
Like a crack baby being born addicted to the needle,
So much evil in people, Dappy said it 1st so I guess that
im the sequel, So just because im black it don't mean
that
I cant be equal, For screaming out louder!!
We're addicted to mic's like two nostrils sniffing up
wherever
there's some powder, And believe me yeah we're
prouder,
Coz life's been sick from day and therefore only gonna
get harder,
I love my Nike airs but now im moving on to Gucci and
prada,
Used to looking rugged but the tucks looks smarter,
And no you don't know me,
And no you aint my co-d, So there's nothing on these
streets that
you could ever try and show me!

LAST CHORUS X3?
