Ha Ha Haaa,

Yeeah!
Its N Dubz, N Dubz,
Nananaai,

What!,
Hahahaa,

Aye, Aye, Aye
I should of knew this from the start,
That if we blew, all these people,
So called friends who
That I aint spoken to in years,
Aau, Aauu, Auu,
They got the nerve to call me up and waste my time,
I don't need you for nothing
So come the fuck up off my life,

I live my life on stages
Feva Las Vegas,
Sylvester Stallone innit,
Any chick I bonin' it,
Im unchip I know innit,
We do this ourselves,
From the productions
The videos n everithin' else,
Ha Ha,
See the buzz we created was rare,
Two independent releases from "Betta Not" to "I
Swear",
But I presume its the tune with the chair that caused the
havoc
Got all these labels talkin bout whos the first to grab it,
About a man thats tryin to buy my publishing for only
80 grand,
I might look like a boy, but I have the mind of a man
Striahgt, see shit can give you a false high
When you think your speaking to me, you might be
screaming in my eye

Senses by the jealousy,
Can turn your best friend into your enemy,
All I know,
I beleive in what I do,
I can live with out you,
You m****r f****r you were trying to suck me dry

Aye, Aye, Aye
I should of knew this from the start,
That if we blew, all these people,
So called friends who
I aint spoken to in years,
Aau, Aauu, Auu,
They got the nerve to call me up and waste my time,
I don't need you for nothing
So come the fuck up off my life

Yo Yo,
I aint lookin to be another one hit wonder,
Have one track in the charts
But then the fame don't last,
Now we looking to sell units
So when you listen to Pussycat Dolls and G Unit
U will also hear N-Dubz music
We been performing on stages ever since we were 13
There aint noone gonna tell us that we aint put the word
keen on,
I'm keen
Bustin my **** talkin like im a thing for this dream,
N Dubz is my team not an over night thing,
From peaces overloading,

To problems that we couldnt be solving,
1 day before a mix is due there's
No goin home,
In 24 hours in a studes
Eatin microwave foods,
Gettin pranks off these dudes,
I cant be asked for these shoes,

Senses by the jealousy,
Can turn your best friend into your enemy,
All I know,
I beleive in what I do,
I can live with out you,
You m****r f****r you were trying to suck me dry

Aye, Aye, Aye
I should of knew this from the start,
That if we blew, all these people,

Lets take a look at the situation
At my life, where its gone?
And now everybody wants a piece of me (piece of me)
Trying to make my but of the person i've become
That so called perfect image that you
See on your TV screen
That discusses the real T
That messed up **** you dont see
And as for all the men who want a piece of the pie
U really thing i dont know all the reasons among your
mind
It takes more than cheap talk win my heart
So tell me where the hell were you before, all these
