[Dappy:]

Yo Yo I'm feeling like a king head spinnin No more
straight whisky on the rocks can't stop spinnin
Mans boggin at me like he's tripin jus cause his girl sed
to him yhit is him.
Why you insecure for no more need to hog (no need)
I don't want her.
Watch out for my dogs though cause they will holla.
So suffer for the rest of the night tryin to watch her I'm
a free man why do you both?
After this club finished were goiin to freemore whos
gonna be the lucky one to sit on my see-saw.
Paid mums bills I'm just tryin to take a break I don't
wanna go to sleep I just wanna stay awake.

I swear I think I owe this night to my self, me and my
friends
What more can I ask for. so grab a drink and follow
meee.

[Chorus]

I don't wanna go to sleep (to sleep)
I just wanna stay awake (stay awake)
Get off my face,
Come we'll have a couple more
All these keep on buyin and I'm feelin like I'm flyin

I ain't thinkin bout the door
I don't want to go to sleep (to sleep)
I just wanna stay awake (stay awake)
Get off my face
Come we'll have a couple more
All these people keep on buying and I'm feeling like I'm
flying
I ain't thinkin bout the door

Watch me shine I'm a star.
Step into the club like they no who we are drink a few,
That's my cue to take over this place.
Spotlights on my face
All the boys want to taste so they can take a look but
don't touch (don't touch)
Ladys watch don't hate don't hate.
I come to get smashed:
I don't wanna go to sleep I just wanna stay awake.
I swear I think I owe this night to my self, me and my
friends

What more can I ask for. so grab a drink and follow
meee.

[Chorus:]

I don't wanna go to sleep (to sleep)
I just wanna stay awake (stay awake)
Get off my face,
Come we'll have a couple more
All these keep on buyin and I'm feelin like I'm flyin
I ain't thinkin bout the door
I don't want to go to sleep (to sleep)
I just wanna stay awake (stay awake)
Get off my face
Come we'll have a couple more
All these people keep on buying and I'm feeling like I'm
flying
I ain't thinkin bout the door

See me I keep I keep staring at my drink,
Like I wanna down more but that will send me to sleep
what I need need is someone to come
And be a freak that will play with all parts of my body.
So much cash money lick lick (lick me like a lollie) pop
as long as you don't want anything else from me
(straight)
I sweari owe this night to myself My CD's going nuts
these ain't any on the shelf.

I'm feeling good baby I like how I should baby.

Young fresh smells like success raise your glass for a toast see!

Just sold 300.000 records so I'm feeling over the moon.

And I know where I come from therefore I'm grateful
