Ah ahh ahh
Haa haa haa
Haa haa haa
Naa niiii

I aint gunna lie you were number 1 then but i dont feel
the same no more i just want you as a friend im done
trying to pretend they say good things dont last forever
some day they gotta end
matter of fact im doing you a favour Had enough of
fucking girls coming back to you later im sick of having
to delete everything in my pager baby i aint Britney but
im dropping up ya rader

She wonder why i never pick up my phone cuz all im
tryin to do is keep it on the low i think i need to let her
know before she find out on her own either way im
gunna break her heart when i tell her go

All my people round the world if you like somebody
else
How do you find the words to say its over
Ive been wanting to tell you but i dont know how to tell
you
How do you find the words to tell them its over
Baby its killing me this just isnt right for me
I think i like somebody else
Haaa haa haa x3
Niii

I aint gunna lie you were number one then but it just
aint the same anymore your out of my top 10 this aint
good for your health if only you knew that everytime im
fucking you i think of somebody else i knew that one of
us were gunna get hurt from the get go i told you i told
i said so i hate having to fake the feeling everytime
that we get low it i think its better for the both of us if
we let go

She wonders why i'm never round these days but as
soon i touch base she'll be all up in my face its the
same old shit she never gives me any space how do i

tell her someones taking her place

All my people round the world if you like somebody
else
How do you find the words to say its over
Ive been wanting to tell you but i dont know how to tell
you
How do you find the words to tell them its over
Baby its killing me this just isnt right for me
I think i like somebody else

Why should i feel guilty
Its plain to see i aint being myself
Is it wrong i want it from somewhere else
I been holding out for sooo long.
Now Why do i feel guilty
Its plain to see i aint being myself

Is it wrong i want it from somewhere else.
I been holding out for soooo long

Ooohhh wwooo oohhwoo

Cant take no more
I wont pretend another day
I think its time for me to say exactly how i feel
cant take no more
I just ain't happy any more
I just keep lying to myself

How do you find the words to say its over
I been wanting to tell you but i dont know how to tell you
How do you find the words to tell them its over
Baby it's killing me this just isnt right for me
I think i like somebody else

Why should i feel guilty
Its plain to see i aint being myself
Is it wrong i want it from somewhere else
I been holding out for sooo long.
Now Why do i feel guilty
Its plain to see i aint being myself
Is it wrong i want it from somewhere else.
I been holding out for soooo long

Ha haaa ha haaa
Ha haaaa
Na Naniiii
Ha Haaa Ha haaa
Ha haaaaaaa
