Na Na Naii
Oh Na Na Noww

[Tulisa]

[Verse 1]

Said Boy ive been seeing you for quite a while
And I needa confess express what you do to me
I need to tell you
About the way youÃ,Ã've changed my life
So many beautiful nights your the reason
Youve got me staying ha ha through the night
See the thing is..

[Chorus]

I donÃ,Ã't quite understand
What youÃ,Ã're trying to say (straight up)
Can you make it clearer?
and I just want you nearer
See everyone around me keeps on saying that
I must be blind (well they do have a point)
Shut up!

All im tryin got say is that
WouldnÃ,Ã't you wouldnÃ,Ã't you
like to have me to yourself
all to myself
all to yourself
what if I was to break your heart
who would be dumb enough to
lose all that I have got for you
all to myself
all to yourself
you've got to finish what you start

haha I can give you that haha
let me give you that hahahahaha

na na naii
oo na na noww

[Dappy]

I like when you wear them material things

But I like it more when you try my hat on with the strings
And do the impression on me when I say na na nait
I aint gonna lie no more you must have done a lot
For the body and the back and the brain that youve got
It's simple if I start I wont stop
Youre so intelligent with such a high IQ
So if I ever have a baby id love it to be with you

[Faze]

The way she smiles at me every time she sees me its
crazy
Im proud to call her my lady
Like daps said, she the type of I girl I wanna see
holding my baby
And she don't get excited whenever my job pays
me
But if im on the phone she don't act right
So I try to keep them well away
So I don't have to stop a catfight

Cant say I never said I wasn't that type
Truly you really confuse me
And thats why

[Chorus]

I don't quite understand
What you're trying to say (are you mad as)
Can you make it clearer?
and I just want you nearer
See everyone around me keeps on saying that
I must be blind (you must be blind)(i dont understand)
shut up!

All im tryin got say is that
Wouldn't you wouldn't you
like to have me to yourself
all to myself
all to yourself
what if I was to break your heart
who would be dumb enough to
lose all that I have got for you
all to myself
all to yourself
you've got to finish what you start

haha I can give you that haha
let me give you that hahahahaha

[Dappy]

Whatever what would a girl like you want from a rebel
like me?
Got no money in the bank just stuck in a council estate
??

[Tulisa]

Together, will get abit closer to the dream
lets fly away just you and me so its up to you

[chorus]

Wouldn't you wouldn't you
like to have me to yourself
all to myself
all to yourself
what if I was to break your heart
who would be dumb enough to
lose all that I have got for you
all to myself
all to yourself
you've got to finish what you start

haha Wouldn't you wouldn't you like to have me
to yourself
all to myself
all to yourself
what if I was to break your heart
who would be dumb enough to
lose all that I have got for you
all to myself
all to yourself
you've got to finish what you start
