Girl you drive me crazy, you can be my baby.
"Oh I love you boy", Bitch I ain't your toy.
This ain't a fuckin game, you can't forget my name.
I hate your fuckin face, I'll delete you off myspace.
What the fuck bitch, I'm so over it.
Blowing up my phone, I'm about to kill a hoe.
You get me all worked up, I'm about to slap a slut.
You better hold me back, before this dog attacks.

Can't stop, Wont stop,
On my way to the top.
It's happening, It's happening.
Step back, step back,
You don't know me like that.
It's happening, It's happening.
I'm better than your ex and I'm better than your next.
It's happening, It's happening.
SGTC rep this for me.
It's happening, It's happening.

Hallefuckinluah,
I'll take this right into ya,
I'll be your sexy teacher.
Just follow this sweet preacher.
Fuck those stupid haters,
Those cronic masterbaters.
Fuck them fucking moms, that don't say we are bomb.
We just don't give a fuck!
Middle fingers raise them up.
We like to fuck and party, drink beer and keep it
naughty.
Just pass me captian morgan,
I'll be flying in the morning,
Just pop them fuck bottles and bring on all them
models.

Can't stop, Won't stop,
On my way to the top.
It's happening, It's happening.
Step back, step back,
You don't know me like that.

It's happening, It's happening.
I'm better than your ex and I'm better than your next.
It's happening, It's happening.
SGTC rep this for me.
It's happening, It's happening.

When I say more, you say blood,
More, blood!
More, blood!
When I say more, you say blood,
More, blood!
More, blood!

Party on, Party on,
'Till the break of fuckin' dawn.
It's happening, It's happening.
Party on, Party on,
I just fucked your mom.
It's happening, It's happening.

Can't stop, Wont stop,
On my way to the top.
It's happening, It's happening.
Step back, step back,
You don't know me like that.
It's happening, It's happening.
I'm better than your ex and I'm better than your next.
It's happening, It's happening.
SGTC rep this for me.
It's happening, It's happening.

I'm a husler, A baller, A street shot caller.
Getting paper, flippin haters.
But they still wanna love me. x5

It's happening, it's happening...
