Just came up on the midnight special  
Hey, how 'bout that  
My car broke down in texas  
She stopped dead in her tracks  
Just called to tell you that I need you  
Just called to tell you how I feel

I feel like some old engine that's lost my driving wheel  
I feel like some old engine that's lost my driving wheel

They took my money on the night train north  
What a terrible thing  
I gave my promise that I will be there with you  
By saturday night  
I want to tell you that I need you  
I need to tell you how I feel

I feel like some old engine that's lost my driving wheel  
I feel like some old engine that's lost my driving wheel

You can't say much in a phone call, babe  
You know how it is  
I have to tell you one sure thing  
Oh, won't you listen to this  
I want to tell you that I love you, babe  
I want to tell you just how I feel

I feel like some old engine that's lost my driving wheel  
I feel like some old engine that's lost my driving wheel

I feel like some old engine that's lost my driving wheel  
Some old engine that's lost my driving wheel

I feel like some old engine that's lost my driving wheel
