Hold on honey, there's a new dawn coming
And a big bird to sweep you away

Are you born yet? are you listening?
Are you sick of staring at the walls?

Are you hungry? are you angry?
Are you wondering if there's anyone at all?

Hold on honey there's a new dawn coming
And a big bird to sweep you away
Keep on dreaming soon there'll be a reason
To see it through one more day

Are you weary? are you sinking?
Are you tired of holding up the walls?

Are you done with all your thinking?
Have you found that there's no one at all?

Hold on honey there's a new dawn coming
And a big bird to sweep you away
Keep on dreaming soon there'll be a reason
To see it through one more day

Ain't got no answers here
What I see is not clear
Time to shake it around
Turn my world upside down
And watch as the stars come unhinged

Hold on honey there's a new dawn coming
And a big bird to sweep you away
Keep on dreaming soon there'll be a reason
To see it through one more day

Hold on honey there's a new dawn coming
And a big bird to sweep us away
Keep on dreaming soon there'll be a reason
To see it through one more day

Are you born yet?
Are you born yet?
