I'm a killer  
A chiller  
A bonafied thriller  
Open you up  
Like a bottle of miller  
Drink but don't hate  
Kiss and just taste  
Sweeeet!  
Got it burning like heat  
With the o-m-f-g  
What the fuck  
Bitch please  
You can get on both knees  
That's the one time your good for me  
Lick it up  
Suck it down  
Stomp your heart  
Into the ground  
Fall apart  
And start to drown  
I'm the elite  
With the crown

Pre chorus:

You kill to see me fall  
Because I have it all

Chorus

Fuck fuck fuck you  
And all your bullshit  
Fuck fuck fuck you and all your drama bitch

Just fuck you  
JUST FUCK YOU!  
Success is the best revenge

Verse 2:

Here we are back on top

Here we are we'll never stop  
We stand; undestructible  
Defeating us? impossible!  
Posting blogs  
Mock; you do  
Replace the "FUCK"  
With "THANK YOU"  
Talk your trash  
You make me laugh  
We have that thing  
You wish you had  
Let it sink in  
Here We are  
Back again  
Harder faster  
Better longer  
Push us down  
We get stronger  
Doesn't matter  
What we do  
Raise our glass  
Now Here's to you  
F-u-c-k  
Y-o-u

Bridge:

Glad that you think we give a fuck  
Cuz if you do  
Sorry cunt  
Your out of luck  
Here we are living it up  
And where are you?  
NO WHERE!  
That's what I thought.

Hate me  
Or shake me  
You'll never fucking break me

Build a damn bridge & get the fuck over yourself  
Bitch! LOL
