Love forever true  
Love forever true  
Why!  
I'd climb the highest mountain,  
Even in the dark  
I'd swim the deepest ocean  
To get to where you are  
This sky will hold no limits  
No ground will catch my fall  
I will be your dark prince waiting  
At your monster ball  
We are, we are the loving dead  
We love, we love even in death  
We are, we are the loving dead  
We love, we love even in death  
Till death do us part  
Well baby were dead  
So let me get this straight  
So I'm not mislead  
Tell me I'm disposable  
Like I'm just any other  
But it appears to me  
That I'm still good enough  
To be your fucking lover  
Isn't it sad that I love you more in death

Is that why Romeo had to kill Juliet?  
It's getting hard to breathe with this knife  
In my back it's buried under six feet  
With the love that we have  
I will never let you go  
Even in death I'll love you so  
Time may have passed but I won't go  
Forever is all I want to know  
We are, we are the loving dead  
We love, we love even in death  
We are, we are the loving dead  
We love, we love even in death  
From the night we come  
To the night we go  
Cursed or blessed

To walk the moonlight alone  
Sometimes another soul  
Walks our path  
Then two become one  
In love everlasting  
It's lasting
