"Time Consuming"

Is this time consuming or am I insecure,
Take this chance don't want you out of here,
Recovering, desperate is on its way,
Tell my teacher that I was out of time,

Time is only out of you,
and ill follow myself a new goddamn home,

correct the doubtful section,
start an instant rumor,
while the next conversation goes on,
he can worry calmly, bent right out of shape,
I'll see it all from back when there's time,

Time is only out of you,
and ill follow myself a new goddamn home,

whether you cry you'll see I don't have it in me to fade,

Time is only out of you,
and ill follow myself a new goddamn home.
