What can i tell you, this guy you see
I can?t help feeling, so cool hip and so free
I don?t believe in getting hooked on love, no not me.
You can?t persuade me, to play your game
You turn your nose up, whenever I?m acting the same
The way I move is oh so smooth, I?m cool
I know you want to hold me, Cool Kat.

Just leave me drinkin? in this bar tonight
I know you want me, to make you, make you feel right
But all you do is hang your head so low
I know you really want me, to go.

Why can?t you, please understand
What kind of man I?ve got to be
Your?saying, I?m such a fool hiding my thoughts away
from
Yoy girl I know it?s driving you wild
I?m sorry I?m a Cool Kat baby.

You can?t persuade me, to play your game
You turn your nose up, whenever I?m acting the same
The way I move is oh so smooth, I?m cool
I know you want to hold me, Cool Kat.
