Sorry that we took so long
You probably thought we forgot your song
It makes us smile
Just so you know
To see your eyes at our shows

I wrote this song
While I was drunk
I hope you don't mind
That it was wired
But you called me and said
You don't want your friends to know
But what if you had to go
What about then
What about then mildred
Excuse me I mean music
But what about then

[chorus:]
Sweet chariot of fire
Come swing us all away
Sing us a song a day
Away, away, zoom [x4]
Or maybe your in your car just driving away
And everything's okay

Floating around
When there's no need to walk
And there's nothing but gods
And feeling no talk
Where there is golden bees and silver birds
And dreams are like shoot
They come true and heard
Every moment
Feels like I spin mildred
I mean
I spin music
So what about then

[chorus]

When every star flicker

Bright as a sister
Just but a whisper commands your love
You write sun in the skies
All the flowers harmonize
That's where your starry eyes will stand above

Mildred, mildred
(oh f*** i meant mildred)
Mildred, mildred
(how the f*** you gonna tell me it's mildred)
Mildred, mildred
(sorry) (not music)
(f*** it)
