[43 second speech to Congress to open]

[Pharrell]

{?} I'm sure you can tell  
It's in the air, of our nation  
It may shock ya, the mass hallucination  
But the dead people, oh they dress well (yeah)  
They say

[quick rap]

What's yo' name? You the one starin  
Oh my God, lemme shake yo' hand  
Do it like this, do it like that  
Can you switch it up? Send it right back  
Frown to your back, smile to your face  
Think I keep it real, but I keep it fake  
Think I'm ahead, but I'm the ass  
Man I'm really sick, I really need a mask  
Woof!

[Chorus]

And now it's in the air, spreading everywhere  
So you should be prepared  
(Ain't no pill or cough syrup)  
(That can help so you better hurr'up)  
C'mon [3X] hey [3X]  
It's, in the air, hey [3X]  
C'mon [3X] hey [3X]  
It's, in the air, hey [3X]

[Pharrell]

To spread this thang, they don't need to talk  
Instead they use, the precious lungs  
But the scariest thing, they don't {?} kill ya  
But they'll still LET PEOPLE, dancin like Thriller

[quick rap]

[Chorus]

[Pharrell]

They comin in, they get me now  
What a shitstorm, of a situation

But a ray of light, comes to the biggest cloud  
Stop big brother, and his invasion (yeah) c'mon

[quick rap]

[Chorus]
