Girls on the floor  
You made me take a look at me  
At all the flaws and what could be  
And all the things that you would reap  
Was hidden in me I didn't wanna see that was troublin

Am I your sledge hammer  
Coming down with the boom  
I mean I feel in love, cause I'm inside of you  
I mean I love your heart, but your mind if I had to  
choose  
Smilin at me smokin but you are not amused

[Chorus: x2]  
Someday I'll laugh about it  
All that preciousness we had it  
Could'ntit last like that I doubt it  
Come on girl let's laugh about it

The way you see the world neat  
Your in sun and clouds n peaks  
Please be my friend oh would you please  
But you still wanna mood smoke comin out your shoes  
Mean while I'm still blue

[Someday I'll Laugh About It Lyrics On ]  
Am I your sledge hammer  
Coming down with the boom  
I mean I feel in love, cause I'm inside of you  
I mean I love your heart, but your mind if I had to  
choose  
Smilin at me smokin but you are not amused

[Chorus: x2]  
Someday I'll laugh about it  
All that preciousness we had it  
Couldn't it last like that I doubt it  
Come on girl let's laugh about it

Let's just have a blast about (ohh some day)  
Couldn't never found our paths without it (laugh about  
it)

All the bullshit that surrounds it (ohh some day)  
Let's just have a laugh about it (laugh about it)

And I could never lose those memories  
Because your screamin from the clouds goin out  
The color from those painted these melodies  
Infact I'm dreamin about it now, uhh

[Chorus:]

Someday I'll laugh about it (ohh someday)  
All that preciousness we had it (laugh about it)  
Couldn't it last like that I doubt it (ohh someday)  
Come on girl let's laugh about it (laugh about it)
