Stomping of feet (marching)

[Chorus]

Drill sergeant, not a word from you
I'm not going to war (I'm not going to war)
I'm a cashier at Goodwin Books
I work at the Barnes and Noble store (Barnes and Noble store)
You must think you're Orson Wells
And this is 1954
You don't understand liberty until
Someone speaks for yours (someone speaks for yours)

Shame on you,
You say you serve your country
While I'm young
Shame on you,
Loosen my mind up, handing me guns
Bye bye Mom and Dad and all
Just in case there's failure
I could be blaming you
But I've got something to tell ya...

[Chorus]

Aim on you
You level their buildings, destroy their soil
Aim on you
Did you finally figure where to run that oil?
Why cry if a man should die, when there's probable failure?
Or I could just aim at you
But I've got something to tell ya...

[Chorus]

Maybe there's another way
That we can
bumpbumpbumpbumpbumpbumpbumpbump (4x)

[Chorus]

Oooh, I'm not going to war, I'm not going to(4x)
Hey!

Hate When they me super star
You wildin like your a super star
They are unreachable and very far
Ever notice I'm right here y'all
I cover my face because they do not to see
I ain't no gangsta or no thug
I am just being me
The world smells of drama
So I cover up my nose
The face is like film, leave it out to long, get's over
exposed
Getting praised by magazines
From My girlfriends white clothes
Hope they still love me when I she'd away cuz I'm
afraid to to blow

Want war
War will be
(We'll be rocking it)
Changing
So you can't see shit

Now the fear of blowing up definitely takes it's toll
It sends this demon down to your mind To take control
If it thinks it's got my mind
Then it better think again
I got the pleasure of a piano in this powerful beat
But you
(You)
You want 15 minutes to shine
What's your concept?
What's so interesting?
What's your design?
So you get your cover story
And your precious head line
So sorry
So sorry
So sorry
Fuck you from behind

Want war
War will be
(We'll be rocking it)
Changing
So you can't see shit

I don't wanna blow up
I'm smiling cuz I know

All the pieces that make me, me
Will listen from my soul
Myself esteem is model it comes from with in
Come and take a picture of us
Whatever you are my friend
Still... (Still)
Still... (Still)

Want war
War will be
(We'll be rocking it)
Changing
So you can't see shit
